

LIGHTHOUSE CHRISTIAN SCHOOL

LANTERN

TERM 1 2023 / ISSUE 22

LIGHTHOUSE KINDY IS NOW OPEN!

Our Lighthouse Kindy opened its doors this term and is growing every day.

2023 SENIOR & PRIMARY CAPTAINS

Introducing our 2023 Senior and Primary Captains. Read our captains' candidacy speeches.

QATSIF SCHOLARSHIPS

Congratulations to our QATSIF Scholarship awardees Joao Stanley and Mitchel Blucher.

FROM THE PRINCIPAL

by **PRINCIPAL BLAIR HARP**

Dear LCS Family,

We were delighted to again welcome several new staff and new families to Lighthouse in 2023!

The opening of the Lighthouse Kindy has been among many highlights we've enjoyed thus far this year. The renovations to the Genesis Centre have been truly remarkable and we commend all involved.

To cater for the continued strong interest in our community and to maintain an

excellent level of student support, we have engaged additional full and part time staff, each further strengthening our team with their heart, skill, and commitment. Our team of ninety are grateful to God for the opportunity to serve families in pursuit of the Lighthouse Christian School Mission, that is:

To educate and train up a child in the principles of godly living in an atmosphere that glorifies our Lord Jesus Christ, utilising a high quality and systematic curriculum, and integrating Christian principles and a biblical world view.

Our current growth trajectory and our vision to become a double streamed K-12 Christian School of intentional excellence by 2025 has required us to reconsider many of our school's structures going forward. Renovations over the 2022-23 Christmas period have included the reconfiguration of our Student and General Reception areas, and a conversion of the Bethel Centre into two (Year 2) classrooms. There have been delays to building works across Queensland and this has impacted our start time for the building of our new undercover area, however the tendering process for this work has now commenced and we are hopeful to have this impressive structure completed in time for the start of 2024.

Again in 2023, Lighthouse has developed an intentional and articulate School Improvement Agenda that focuses on

LCS school staff developing excellence in Effective Pedagogical (Teaching) Practice. Our priorities continue to ensure teaching for learning remains front and centre. In recent years, we have worked hard to embed school-wide systems for teacher coaching and development and have continued to ensure a range of high yield, effective, evidence-based strategies are applied across all Kindy to Year 12 classrooms daily. We have intentional practices to support the wellbeing of all students well established.

Our theme this year is "Moving the Middle"; an intentional focus of teacher and school practices that will see student academic outcomes lift further, ideally Cs to Bs, Bs to As and beyond. Our Explicit Improvement Agenda and Implementation Priorities are listed below.

LCS 2023 EXPLICIT IMPROVEMENT AGENDA

1. Moving the Middle (Academics)....Cs to Bs; Bs to As; As to beyond by ...

- Collective Teacher (staff) Efficacy (collaborative professional practice).
- Learning Intentions and Differentiated Success Criteria.

- Differentiated Daily Reviews.
- Exemplars to drive feedback and improvement.
- Data Driven Practice.

2. Mathematics (Academics):

- Developing teacher capability in the teaching of mathematics, through evidence-based practices.

LCS 2023 IMPLEMENTATION PLAN (PRIORITIES)

1. Australian Curriculum v9.0

- Develop and Implement planning for implementation of AC 9.0 over the coming years in line with Queensland State School roll out expectations.

2. LCS Kindy

- Launch of LCS Kindy from commencement of Term 1

Our work across these areas is rigorous. Student free days, staff meetings, and our coaching and mentoring programs ensure we as a staff are continuing to develop our professional capabilities.

The work of our Business Unit has been comprehensive, with a significant

overhaul of existing systems of practice continuing. The demands, expectations and regulations placed upon school governance practices continues to increase annually.

It would be remiss of me not to also acknowledge the ongoing work of our school's Board of Directors. Their work in ensuring compliance and financial viability ensures we can continue to provide a high quality Christian education option for Rockhampton families.

We trust you enjoy reading this edition of the Lantern, which informs and celebrates the highlights of Term One at LCS! We thank God for His hand upon us in our journey.

Looking forward to seeing you in and around our school throughout the year.

Blair Harp ■

"Let no man despise thy youth, but be thou an example of the believers, in work, in conversation, in charity, in spirit, in faith, in purity."

Kirralee Deed School Captain

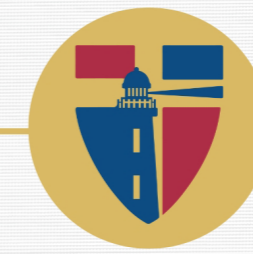

Good morning staff, students, and fellow candidates.

My name is Kirralee Deed, and this morning I stand here before you with the hope of being able to lead you as the school captain of 2023.

Leadership, what is it exactly? Well, to different people leadership can be seen as different qualities and skills. For example, leadership at Lighthouse Christian School can be seen through the school values: Respect for God, others and ourselves. It can also be seen through our school verse 1 Timothy 4:12 "Let no man despise thy youth; but be thou an example of the believers, in word, in conversation, in charity, in spirit, in faith, in purity". And how do I see leadership? I see leadership as a burger. You're probably thinking how in the world is a burger like leadership. Well, similar to a burger and its list of various ingredients, leadership too consists of a long list of skills and qualities. Qualities like support, honesty, selflessness, teamwork, and adaptability. Now, if I was to take a single slice of tomato and ask you if it was a burger, the obvious reply would be no. Likewise, if I was to take one of the listed qualities and tell you that is the definition leadership it too would also be incorrect. It's not until all the different ingredients or qualities are combined that the small parts create the larger picture. As leader, I will strive to ensure that I'm not only focusing on the individual qualities of leadership, but rather leadership as a whole, as I wish to see Lighthouse Christian School succeed in 2023.

As a good person once said, maybe the question you ask yourself should not be why you'll make a good captain, but what you'll do with that captaincy. As your leader I also want to you know that we are leaders that you can have faith and trust in. We are on your side, and we always will be. We are here to not only support you academically but also emotionally and spiritually. School is tough, and I'm not just talking to the highschoolers; I'm talking to the whole school, even to the little ones who struggle with their weekly homework. As a leader I want you to feel at peace knowing that if you ever need help or to pray, you have an amazing group of staff and school leaders who will happily help you.

Even if I'm not selected as school captain, I will continue to support and guide you all with the faith and love of God. Once again my name is Kirralee Deed and thank-you so much for the opportunity to run for the school captain of 2023.

Silas Bakss School Captain

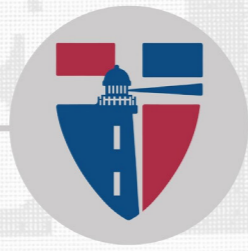

Good morning, Mr Harp, School Board, Teachers, Parents, Students, and fellow guests. Firstly, I'd like to thank you all for the chance to speak today and I also especially thank God for the opportunity to have been placed at Lighthouse Christian School ever since the first days of Prep, until now my last year of school. Our school verse, 1st timothy 4:12 states, "Let no man despise thy youth; but be thou an example of the believers in Word, in conversation, in charity, in spirit, in faith and in purity"

This verse sets a pretty high standard for what our leaders ought to be. It says that even though you're young don't act or speak in a way that lets anyone think less of you, but to represent and show what a Christian ought to be in all aspects of their life - whether it's at school, during sports, at work, at home and even when things are good and bad.

A captain in any sense has to be responsible for his crew. Through being a part of many sporting teams, I have learned the importance of having a leader who motivates and pushes their teammates, even when things aren't going well. Many students today go through struggles that no student should bear such as depression, anxiety, low self-worth, bullying and even domestic violence. As a school captain I want to be a light and an example for not only students who are suffering but also to the community in Rockhampton to work towards the end goal of, giving the hopeless hope, the depressed joy, the anxious peace, the hurting comfort, and the lost Jesus.

By working with my fellow peers, school staff and church staff I believe that together we can support students and their families by creating groups that not only focus on friendship but identify real issues that we all struggle with and respond using biblical principles. We can reach out to the community - places such as nursing homes, gyms, hospitals and more - to represent Jesus and show the people that Lighthouse Christian School is different to other schools in Rockhampton. We can also create a legacy for students to follow and empower them to continue developing the work that we have begun in 2023.

While everyone of these candidates for school captain would do an exceptional job, I would love the opportunity to be the 2023 Lighthouse Christian School captain. Thank you for your time.

Cree-Jati Bickey Primary Captain

Hi, I'm Cree,

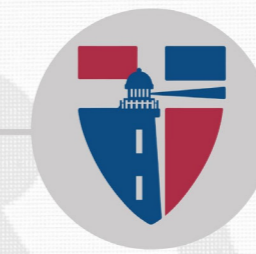

I stand here today as I believe I can be your primary school Captain. I can be a great leader as Captain, as I have been at Lighthouse since Prep and I have enjoyed learning and being part of our school community with my teachers, my friends and my very own role models here. I think I know what it takes for you to enjoy your learning and being a part of our school too.

A good leader will always set a great example. I attend school activities throughout each year. I like to have fun when our students provide live entertainment – these moments are so exciting. I am quite a creative young lady. I am inspired by what I see and what I hear. My friends inspire me everyday by what I see them do and how they treat others. Everyone and everything around me at school inspires me. I believe I can help lead the primary school for you to be inspired to learn and be creative by everyone and everything around school too.

I will make a great primary school Vice-Captain by setting an excellent example as a leader so you can:

- Enjoy your learning, teachers and friends
- Have fun as we celebrate together throughout the school year
- Be inspired by everything around you

I am friendly and I am a great leader. I believe in myself, and I believe in you enjoying learning, having fun and being inspired at Lighthouse – Vote For Me!

Rose Morcom Primary Captain

Good Morning, students, teachers and parents.

My name is Rose, most of you know me already but if you don't, "Hi I'm Rose. I have been at this school for 6 years. It's a really good school. And today I am running for primary school captain because I believe I can make this an even better place for everybody. You should vote for me because I try to listen to people's ideas and perspectives, I encourage people to do their best, and I am respectful and responsible. Let me explain this more!

My first reason why you should vote for me is I try to understand others and their perspectives. This trait is very important because by listening to people you can include them and their ideas, so they don't feel left out or hurt. I have understood others in class activities, stem challenges and resolving fights. To be a great leader you need this trait and I have it.

My second reason is , I encourage people to do their best. Encouraging people is a big part of building character. It can help people keep going and is a good trait for a school captain. I have encouraged people in sport carnivals, Math competitions , and in the classroom.

My third and final reason is I am respectful and responsible. This is an important reason to represent our selves and our school. This also leads to our values, Respect for God. Respect for Others. Respect for self. I have definitely shown this trait at Anzac Day , Remembrance Day and at Chapel.

In conclusion, you should elect me for school captain because I understand others and their perspectives, I encourage people to do their best, and I am respectful and responsible. I know I can meet the expectations you have for a good school captain. So, vote me today! Thank you.

QATSIF SCHOLARSHIPS

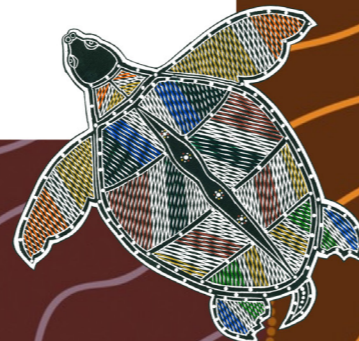

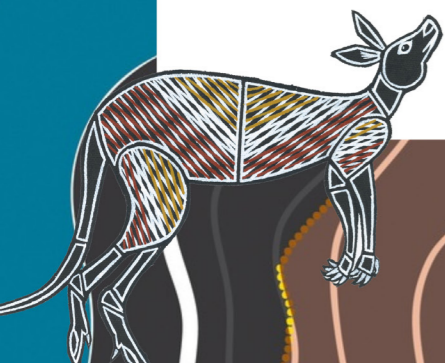

Joao Stanley (2023 Scholarship Awardee)

Mitchell Blucher (2022 Scholarship Awardee)

The QATSIF, also known as the Queensland Aboriginal and Torres Strait Islander Foundation, strives to encourage and support Aboriginal and Torres Strait Islander students to successfully complete their schooling and achieve a QCE. QATSIF recognises the importance of this and how having opportunities through higher education builds a foundation for employment and a better quality life. The QATSIF Scholarship Program provides financial support of \$500 per semester for Year 11 & 12 to students, and has been found to bring a sense of pride to those who successfully qualify for the scholarship.

This year, 1960 students around Queensland were awarded with a QATSIF Scholarship to support their senior studies. Congratulations to our Lighthouse students Mitchel Blucher (Year 12) and Joao Stanley (Year 11) who have been awarded QATSIF Scholarships. Mitchel Blucher was a successful applicant during the Round 13 QATSIF Scholarship Program at the beginning of 2022 and Joao Stanley was a successful applicant during the Round 14 QATSIF Scholarship Program this year. Both boys are on the path to completing their QCE (Queensland Certificate of Education). Congratulations again on this fantastic achievement! ■

TECH CLUB

BY MR CAESAR AL-SAMARRIE
Digital Technology Teacher

Digital literacy is a term we will hear in education circles for many years. Technology is taking over the world, and students must prepare for a digital world. Robotics, computer programming and gamification are just a few things that students will engage in at Tech Club. Tech Club has been popular this year, and students have been engaging well with technology. The high school students have been working through the GROK learning modules and competitions therefore improving their coding and computational skills. Other students have been working on extension projects from their technology classes. These projects include SwiftUI app development, HTML, CSS, and JavaScript. The primary school students have been learning some SwiftUI on Swift Playgrounds. This learning consists of the Learning to Code and Getting Started with Code modules.

This year, students will learn how to code Spike Prime robots, prepare for a robotics competition, and learn some essential coding concepts. Students will use Code Club Australia, Code.org, and GROK Academy resources. These resources contain a range of activities from simple blocked-based coding to simple text-based coding activities.

G&T

GIFTED & TALENTED

BY JASMIN SMYTH
Head of Primary

At Lighthouse, we value every child and want to ensure that all students receive a year's worth of learning in a year.

In 2022, we commenced an academic extension trial with our Year 3 and Year 5 students who identified as achieving within the Upper 2 Bands of their NAPLAN testing. As part of the trial, we provided practical opportunities for these students to be challenged in the areas of Science, Technology, Engineering and Maths. We are very pleased to report that not only did students actively participate in these sessions, they thrived.

With the goal of ensuring every student who walks through our doors reaches their maximum potential, this year we have an opportunity to be a part of gifted and talented testing which is being trialled by Cambridge University. The purpose of this testing is to help learners demonstrate and fulfill their full potential. Students will be completing tests in Reading, Mathematical Reasoning, Thinking Skills and Writing components. All tests will be delivered electronically on school iPads.

All of the data collected will be used to inform testing instruments for gifted and talented students.

It is a great opportunity, and it is fantastic that our students are involved.

SENIOR A GRADE BOYS FUTSAL

5-3

GRAND FINAL CHAMPIONS

SENIOR C GRADE GIRLS BASKETBALL

LIGHTHOUSE KINDY

BY JASMIN SMYTH
Head of Primary

Our journey to open our new Kindy has been an exciting one. On the 23rd January 2023, Lighthouse Kindy opened its doors for the very first time. Our Kindy Teachers are Mrs Nicole Deed and Miss Valerie Bekker and our assistant is Miss Gabrielle Knobel. As Kindy is the entry point for our school, our Kindy space reflects a garden environment as it references the 'Garden of Eden'. We believe that each child is fearfully and wonderfully made in the image of God. God has gifted us with the presence of each child so we have created a space where every child feels loved, respected and encouraged to reach their full potential.

At Lighthouse Kindy, our educators provide many play-based opportunities for students to grow in their learning; encouraging students to guide their own learning journey through their interests and needs. They create masterpieces using recycled and new materials, are curious about and discover the natural world in which they live, and they experiment and learn through play, developing a love for learning that will last them a lifetime.

LIGHTHOUSE KINDY

Lighthouse Kindy is dedicated to building a community where each child feels loved, respected, and encouraged to reach their full God-given potential through discovery, creativity, and play.

Program Features

- ✓ Developmentally appropriate curriculum
- ✓ Outdoor play
- ✓ Play-based learning

COMPASS LEADERSHIP CONFERENCE

BY KIRRALEE DEED & SILAS BAKSS
School Captains

On the 3rd of March we (Kirralee and Silas) the School Captains, along with the Vice-Captains, Evie and Christian, left for the Compass Leadership Conference held in Canberra. Over the course of the five days, we completed many different sessions and activities to further improve our understanding of what it is to be a Christian leader in this modern world. We listened to speakers Jeff, Mark, Graham, Sophie and Matt as they gave their advice and lessons on how to navigate as a leader whilst serving God. We also went on excursions to the War Memorial and Parliament House to see the impact of our past and current leaders, as well as to grow closer to our fellow Christian School Leaders across Australia. The conference finished with a Bush dance, which was lots of fun for everyone. We learnt a lot on our trip to Canberra and are excited to put these skills into practise at Lighthouse Christian School. We also would like to give a big thanks to Mrs Briel for taking us on the trip, and Lighthouse Christian School for making this once in a lifetime experience possible.

“My favourite part of the trip was the War Memorial, where I had the ability to witness the incredible leadership and dedication of our past leaders. The sentimental visit to the War Memorial to view the many courageous leaders who fought and died for our country was an eye-opening experience for me. As a leader, to see the dedication these leaders had for their country motivated me to feel the same passion for my school.” – Kirralee Deed

“My favourite part of the trip has to be all the relationships I made during my 5 days stay in Canberra. At the beginning of Leadership conference, we dove into some pretty deep subjects about how Christian leaders ought to behave and represent themselves. Through all these deep sessions it allowed strangers to discuss what this certain session meant for them building trust between each other causing friendships to bloom. By the end of our stay, I would say I had made over one hundred new friends who supported you as a leader and knew what it means to be a Christian leader.” – Silas Bakss

CAPRICORN DISTRICTS

2023 ROCKHAMPTON & DISTRICTS REGIONAL CUP

VOLLEYBALL. VOLLEYBALL. VOLLEYBALL. VOLLEYBALL. VOLLEYBALL. VOLLEYBALL.

BY MITCHELL BLUCHER
Year 12 Student

Earlier in term one myself, and four other Lighthouse boys, had the opportunity to participate in Rockhampton district trials for volleyball. That resulted in four of us being chosen out of about 50 people to be a part of a 12-person squad to represent our district at the Capricorn regional trials held in Gladstone. The day at Cap trials consisted of many drills targeting specific skills needed to play the game such as digging, serving, spiking, setting and blocking; however my personal favourite part of the day was the king of the court game. The most valuable parts of the trials were being able to compete against very skilled players as well as learning new skills and being able to refine them playing alongside such players. Towards the

end of the day two teams were chosen to play against each other so the selectors and coaches could see how each specific player supported and complimented each other's playing style. This would determine who would be chosen for the team to represent our region for state. I am proud to say that Lighthouse students made up the majority of the Rockhampton District team that was placed in the final selections. Lighthouse made up majority of the district team considered. Only one player from the Rockhampton district was selected for the Capricorn team though, and that was our very own Silas Bakss who will now be competing as part of the Capricorn region team against every other region in our state to become the QLD Champions. ■

This term, our Senior Boys' Volleyball Team participated in the 2023 Rockhampton & Districts Regional School Cup at Central Queensland University. This was a great opportunity for our team to compete against a range of schools across the region. Since being defeated last year in the Volleyball Grand Final against Rockhampton State High, our Senior Boys Volleyball Team have dedicated many hours to training early hours in the morning to late at night to improve and sharpen their volleyball skills.

Their hard work and persistence paid off as the team finished undefeated topping their pool and making the semi-final on Sunday against The Cathedral College. After beating TCC in straight sets, LCS went on to challenge Rockhampton State High in the Gold Medal Match. Lighthouse won this game 2 sets to 0 becoming champions of the competition. The team is hoping to head down to Gold Coast in August for the Senior Schools' Cup. Thank you to all the Lighthouse supporters that came to watch and cheer on our Senior Boys Volleyball Team. ■

A Gift of Generosity

BY PASTOR JEREMY PINERO
LBC Network Pastor

We are delighted to inform you that thanks to a generous donor we have been able to donate Bibles to the Prep and Year 7 students of our school. This donation is a significant gesture of generosity that we believe will have a positive impact on our students.

The Bible is a powerful tool that contains teachings, wisdom, and stories that have inspired millions of people for centuries. It is considered a Holy Book by Christians and is believed to be the Word Of God. The Bible can provide guidance on how to live a fulfilling life and it contains lessons on love, compassion, forgiveness, and faith. For children, the Bible can be an important tool for shaping their moral and ethical values. It can help them understand the importance of honesty, kindness, and respect for others. The Bible can also teach children about the value of hard work, perseverance, and self-discipline. Moreover, it can provide them with a sense of purpose and direction in life.

The donation of Bibles to our students can help them develop a love for reading and learning, and it can provide them with a sense of spiritual guidance. Moreover, it can foster a sense of community among the students, as they share and discuss the lessons they learn from the Bible.

We hope that this donation will inspire our students to live a life filled with love, kindness, and faith. We thank the generous donor for their kindness and hope that you will encourage your child to make the most of this wonderful opportunity.

If you have any questions or concerns regarding this donation, please do not hesitate to contact us. Thank you for your continued support.

Here are
some fun
facts
about the
Bible that
maybe
you didn't
know.

The Bible is the best-selling book of all time. According to the Guinness World Records, over 5 billion copies have been sold worldwide.

The Bible was written over a period of 1,500 years, by 40 different authors, on three different continents, in three different languages - Hebrew, Greek, and Aramaic.

The Bible contains 66 books - 39 in the Old Testament and 27 in the New Testament.

The Bible has been translated into over 700 languages, making it the most translated book in the world.

The oldest surviving copy of the Bible is the Dead Sea Scrolls, which were discovered in 1947 in Israel and date back to the 3rd century BCE.

The Bible is full of prophecies that have been fulfilled, including the birth, death, and resurrection of Jesus Christ.

NEW RELEASE

AVAILABLE DURING LUNCH TIMES

**FEATURING
LIGHTHOUSE
SECONDARY**

THE MUSIC ROOM

1:49

4:10

THE MUSIC ROOM

BY JESSE HARP

We are thrilled to announce that our school's new music room is officially opening its doors! This magnificent space has been designed to provide our students with an immersive and inspiring musical experience. The room is equipped with state-of-the-art instruments, many of which were provided as a prize from our latest win at National Online Band Competition, RockFest, where we took home the best Senior Band award and \$7.5k worth of music gear with it.

The music room is the result of both the hard work of our school administration, teachers, and most importantly our students. Led by Grade 10 Student, Darcy Bleakley, our students got together late last year to put together a petition for a new music room which ended up with over 50 signatures.

We believe that music is a vital part of a well-rounded education, and we are excited to provide our students with a space where they can explore their musical interests.

The music room is fully furnished with a variety of musical instruments, including acoustic guitars, electric guitars, bass guitars, drums and pianos. In addition, we have invested in top-of-the-line portable PA equipment, so our students can bring what they've made in the music room out into the undercover area and beyond to share with the public.

We believe that music has the power to enrich our lives and connect us with others. The music room is a place where students can come together to create, collaborate, and learn from each other. We hope that this new addition to our school will inspire our students to explore their musical talents and find joy in creating and performing music.

The Music Room is open during lunch times to our senior students currently involved in our music programs, to come play, practice, and write. We look forward to seeing our students thrive and develop their musical skills in this amazing new space.

So, let's get ready to make some beautiful music together!

Creative Play Space

BY
MS LINDA CALLAGHAN

Greetings from The Creative Play Space ☺

Our creative play space is held during daily play time in both Ms Callaghan's year four classroom and The Children's Centre (depending on availability). Students are given the opportunity to create scripts for dramas that have been acted out on stage, design and create obstacle courses using dominoes and other construction materials and also immerse themselves with world map jigsaws, threading and lego.

Both rooms offer a cool and safe place for students to express their creative abilities. There have been many friendships with older and younger peers develop with a common interest particularly with Visual Arts. Children are eager to implement many of the techniques of drawing taught and modelled to them by our very own talented Visual Arts teacher Miss Inslay. Such terms as tone, shading and form have been utilised during our creative play time opportunities.

Some of our year four peers have not only written scripts with various characters, but they have also acted out their dramas with costumes, hair pieces and even created personal props like masks. Mr Jim McLeod, our Lighthouse Film and Technology secondary teacher, has also promised to film some of these dramas so that they can be presented at our end of term class concert.

Mrs Stewart and myself love seeing students engaging politely and respectfully with each other using kind and encouraging words like:

"Wow! what an awesome job you have done with your Captain Underpants drawing Tad!"

"Fantastic shading and form work Anaalia!"

Students are also allowed to have one of their special drawings laminated per week to use as a placemat or to take home! They are always very excited to receive their specially laminated creation the next day☺

Mrs Smyth and her son Matthew have also kindly donated UNO, card monopoly and some origami activities for creative play purposes. If you have any board games or toys in reasonable condition, we are happy to accept a home for them!

Please promote to your child that they may like to visit the Creative Play spaces for a cool and fun play option☺ (Years One, Two and Three Creative Play days are Monday, Wednesday and Friday morning!) (Years Four, Five and Six are Tuesdays and Thursdays!)

*Lighthouse Christian School is a ministry of
Lighthouse Baptist Church*

One term. No fees.

LIGHTHOUSE REFERRAL PROGRAM

How it works:

Refer Someone.

Your child is currently enrolled and you recommend the school for a friend's child.

They Enrol.

Your friend, family member or colleague enrol a child in Prep or Kindy.

We All Benefit!

In gratitude, you get a free term for one child and we boost enrolments - which ultimately benefits you!

Nobody can tell our story better than you.

Terms and conditions are available upon request.
